PROFESSIONAL EXPERIENCE

Lead Full Stack Developer

2023 – Present

Cosmo Radiance (Aesthetic & Dermatology Center)

- Architected and deployed a proprietary medical SaaS platform replacing 5+ third-party subscriptions (CRM, CMS, Voice Agent, HRMS, and HMS).
- AI Voice Receptionist & Call Automation:** Engineered an autonomous AI voice receptionist agent powered by LLMs (Claude & Gemini) handling real-time inbound call screening, dynamic FAQ responses, and direct appointment bookings over phone lines.
- HR Management & Attendance System (HRMS):** Developed a complete staff management module tracking employee shifts, biometric/digital attendance, leave approvals, and automated payroll calculations.
- Enterprise HMS & ERP:** Built a React 18 / Node.js Hospital Management System managing In-Patient Departments (IPD), Operation Theater (OT) scheduling, Pharmacy Supply Chain, and Billing.
- Oms Latency Public Platform:** Developed a highly SEO-optimized Next.js front-end utilizing an in-memory JSON schema, resulting in perfect 100/100 Google Lighthouse scores and zero database latency.
- Autonomous AI Chatbot:** Engineered a multi-channel Gemini agent with 15 function-calling tools to automate calendar bookings and sentiment-based human escalation across Web Chat and WhatsApp Cloud API.
- AI SEO & Content CMS:** Created a custom headless CMS featuring a multi-model AI engine (Claude + Gemini) that audits page SEO, rewrites copy for higher conversion, and automatically scrubs output for strict medical legal compliance.
- Server-Side Attribution (MarTech):** Implemented Meta CAPI and Google Enhanced Conversions pipelines, securely hashing clinic revenue data to optimize ad bidding algorithms.

Full Stack Developer (Freelance)
